BLUETOOTH PAIRING

CONNECT YOUR BLUETOOTH

1. Turn the Bluetooth on your device on
2. Press the SETUP button on the multimedia system
3. Find Bluetooth in the menu and follow the instructions to connect your phone's Bluetooth to the car

ENABLE CONNECTION

In order to use some of the functionalities in Lexus Link App, you will need to either activate your personal hotspot on iOS, or enable Bluetooth tethering on Android.

On iOS

1. Go to Settings
2. Tap Personal Hotspot
3. Tap the slider to turn it on

Good to go

iOS - There's no need to connect to the resulting Wi-Fi hotspot, as the connection is also shared via Bluetooth, to which you're already connected.

On Android

1. Go to Settings
2. Tap Wireless & Networks
3. Tap Tethering & Portable hotspot
4. Tap the slider to turn Bluetooth tethering on

Good to go

Android - The exact menu structure may vary slightly from phone to phone; if you're unsure, check your phone's owner's manual.
