The New ES 300h Self-Charging Hybrid

02 | ES 300h

DARINGLY ELEGANT

The provocative elegance of the exterior combines with impeccable road manners to create a Self-Charging Hybrid that delights at every turn.

From the moment your eyes are drawn to it, the bold front grille and striking headlights of the new ES 300h add a daring edge to a car that has style and sophistication written all over it. Distinctive wheels and the new Sonic Platinum paintwork accentuate the dynamic design. Here is a car that instills instant confidence. A car to make you feel your best, whatever your destination.

THE REFINED POWER OF THE LEXUS SELF-CHARGING HYBRID

The alluring coupé-like silhouette points to an executive sedan that yearns to be driven. Charging itself as you drive, slow down or brake, the acclaimed 4th generation Lexus Self-Charging Hybrid powertrain delivers rapid linear acceleration precisely when you require it, without the need to ever plug in. But it's how it feels that really impresses. The near silence of driving in Electric Vehicle (EV) mode. The ultra-refined cruising on the motorway.

Exuding power and control, the drive is thrilling yet always serene, thanks to precise fine-tuning of the car's aerodynamics and weight management, and to the improved rear suspension, which makes for greater handling stability and ride comfort, with less road noise. It's a feeling of exhilaration that finds fullest expression in the ES 300h F SPORT.

Immersed in the driving experience, it is easy to forget that the ES 300h is more economical and environmentally friendly than most conventional executive sedans. Thanks to its Self-Charging Hybrid technology, it operates about 50% of the time in EV mode on a mixed course. So you're enjoying significant fuel savings and exceptionally low emissions, without having to worry about driving range.

01

02

- 01 The driver-focussed cockpit, with 12.3-inch touchscreen display and Takumi-crafted steering wheel
- 02 S-Flow Climate Control discharges nanoe™ X ions to moisturise your hair and skin
- 03 Exquisitely stitched leather seats, offering up to one metre of rear legroom, now available in Forest Brown
- 04 Sumi Black Walnut inlays frame the elegant ES interior

THE BEAUTY WITHIN

Experience the interior harmony of the expertly crafted ES cabin.

To sit at the wheel of the new ES 300h is to experience a special sense of interior harmony. All around, you will be struck by the attention to detail and craftsmanship which are the hallmarks of the famed Lexus 'Takumi' artisans. Where you can't see it, you can feel it. The sumptuous upholstery, now available in stylish new trims. The exquisite inlays that typify the handcrafted appearance of the cabin. The classic black finish to the dashboard. All blending together serenely with a feeling of roominess to create a supremely relaxing environment that recalls the calmness and comfort of a living room.

Your passengers will feel it too. In the near one-metre legroom they enjoy in rear seating which can be adjusted and heated from a panel on the centre armrest. In the luxury of Lexus Climate Concierge, which creates the ideal climate to suit passengers front and rear. And in the stunning 17-speaker Mark Levinson® Premium Surround Sound system, the perfect complement to an outstandingly quiet cabin.

SMART THINKING

Technology is everywhere in the new ES, making you feel safer and more empowered than ever at the wheel.

Whatever grade you choose, the new ES 300h envelopes you with more technology than ever before, some of it appearing for the first time in a Lexus and much of it embodying the spirit of Omotenashi. This ancient Japanese philosophy of hospitality, grounded in anticipating another's needs even before they arise, underpins innovations at Lexus. Like an advanced air conditioning system which discharges minute nanoe™ X particles, helping inhibit viruses and bacteria* on one hand, reducing odours** on the other and at the same time moisturising your hair and skin. Or a Digital Side View Monitor which provides a wide field of vision and clear visibility even in night-time or rainy conditions.

BETTER CONNECTED

The Lexus Link connectivity app, too, is rooted in Omotenashi. Enjoy the convenience and peace of mind of being able to track your journey, navigate to your final destination once you've parked and manage the care of your ES 300h online without leaving your home. With Apple CarPlay® and Android Auto®, you can display and access smartphone apps on the 12.3" touchscreen, which has been moved forward to make it more driver-focused and easier to view.

IN THE SAFEST OF HANDS

You're in the safest of hands with Lexus Safety System + (LSS+), which incorporates two advanced new features on the ES 300h. Intersection Turn Assist detects oncoming vehicles and crossing pedestrians when turning at an intersection, while Emergency Steering Assist helps guide your steering movements when there is a pedestrian very close to or in your lane. Making its debut on the ES 300h is Curve Speed Reduction, which automatically decelerates if speed needs to be suppressed on a bend while using the Dynamic Radar Cruise Control. In addition, the Bladescan® Adaptive High-beam System helps you recognise pedestrians and road signs more clearly and at a greater distance, yet without dazzling oncoming cars.

* More than 99% virus and bacteria inhibition by 1 hour exposure of nanoe™ X. Japan Food Research Laboratories, Report No. 20073697001-0101, 15038623001-0101.

** Odour intensity reduced more than 1.8 by 1 hour exposure of nanoe™ X. Panasonic Corporation Product Analysis Center, Report No. BAA33-150318-M35

CAPACITIES (l)		
Luggage volume ⁴		454
Fuel tank capacity		50

¹ Combined engine and electric motor

² Tentative values shown, with two occupants.

³ The fuel consumption and CO₂ values are measured in a controlled environment on a representative production model, in accordance with the requirements of the new WLTP European Regulation EC 2017/1151 and its applicable amendments. For each individual vehicle configuration, the final fuel consumption and CO₂ values may be calculated based on the ordered optional equipment. The fuel consumption and CO₂ values of your vehicle may vary from those measured or calculated values, as driving behaviour as well as other factors (such as road conditions, traffic, vehicle condition, tyre pressure, load, number of passengers, etc.) have an influence on a car's fuel consumption and CO₂ emissions. For more information regarding the new WLTP test method, please visit: www.lexus.eu/wltp#nedc

⁴ Luggage volume is calculated as per the VDA method.

Please note: further Technical Data, including any updates, can be found at www.lexus.eu

BE OUR GUEST

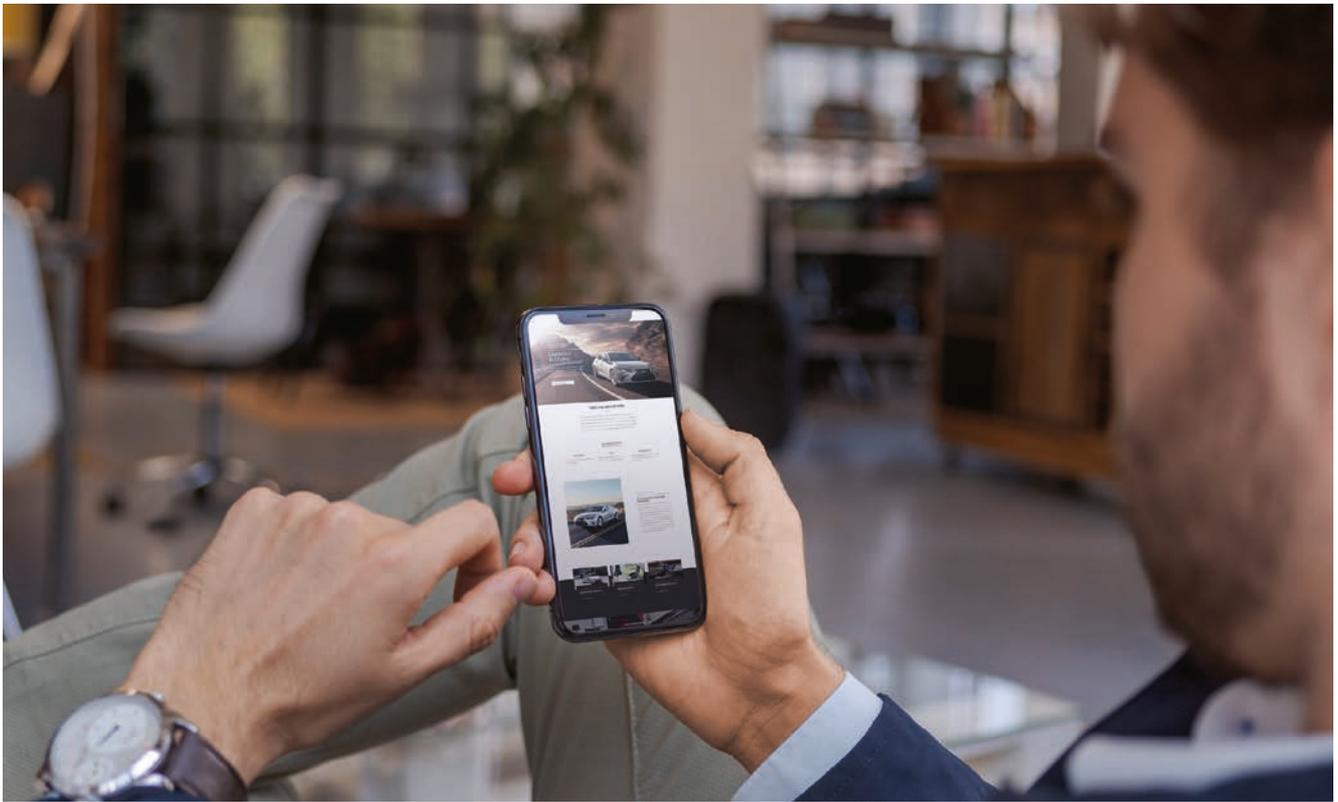

How we treat our customers is guided by an ancient Japanese philosophy of hospitality.

Translated from the Japanese as 'hospitality and polite service', Omotenashi is about much more than excellence of service; it is an ancient concept centred around anticipating the needs of another, even before they arise. Omotenashi influences how we design and engineer our cars at Lexus, and equally how we treat you, the Lexus owner. Not just at the point of sale but over the life of your car. We want you to feel valued in every interaction you have with us. To feel more than a customer.

Whether as a private or fleet driver, you'll experience Omotenashi each time you visit our showrooms. In the warm reception on hand from friendly staff intent on welcoming you as if you were a guest in their home. In the inviting atmosphere and impressive facilities of the lounge, where you can avail of refreshments, catch up on news, enjoy high-speed Internet or carry on with your work. And in the knowledge that our Lexus technicians are working with precision and efficiency to get you back on the road with minimum interruption to your day.

It's not only cars that make Lexus unique. It's the philosophy which permeates everything we do and which extends to an ownership experience that makes you feel special. Just as a guest should.

DISCOVER MORE ONLINE

Find out more about the new ES 300h online. Here you can take time to explore which equipment grade best suits your lifestyle, learn about your world-class service and finance offerings and sign up for our regular newsletter. And if you're interested in how the new ES 300h feels to drive, you can book a test drive with your local Lexus Retailer.

Taking care of the environment is a priority for Lexus. We take many measures to ensure that during the lifecycles of our vehicles - from design, production, distribution, sales and service to end-of-life - their environmental impact is minimised. Your retailer will be happy to provide more information on end-of-life vehicle requirements.
